social workers healthcare professionals and others involved in the care of vulnerable adults are not aware of the mental capacity act and are failing to implement it the committee wants to see is a change in attitudes and practice across the health and social care sector which reflects the empowering ethos of act to achieve this they recommend that overall responsibility for the act be given to an independent body whose task will be to oversee monitor and drive forward implementation their other key finding concerns the deprivation of liberty safeguards the intention of the safeguards is to provide legal protection for people who are being deprived of their liberty for their own safety the evidence suggests that tens of thousands of people are being deprived of their liberty without the protection of the law and without the protection that parliament intended the government needs to go back to the drawing board to draft replacement provisions that are in keeping with the style and ethos of the mental capacity act the committee s further recommendations include that government reconsiders the provision of non means tested legal aid to those who lack capacity local authorities use their discretionary powers to appoint independent mental capacity

advocates more widely government addresses the poor levels of awareness and understanding of lasting powers of attorney and advance decisions to refuse treatment and government review the criminal law provision for ill treatment or neglect of a person lacking capacity to ensure that it is fit for purpose

this second edition builds on the success of mental capacity the new law which was published in response to the uk s mental capacity act 2005 the book has been extensively revised to provide coverage of all the latest developments in uk legislation procedure and case law including an examination of the deprivation of liberty safeguards and a new chapter that deals with the re emergence of the inherent jurisdiction of the high court and the cross over with administrative law mental capacity law and practice provides an authoritative commentary highlighting areas of potential difficulty and offering practical guidance on the challenges that the uk legislation poses it includes the text of the mental capacity act 2005 as amended and the supplementary codes of practice it will be essential reading for private client lawyers chancery practitioners non contentious lawyers and healthcare professionals

the mental capacity act mca is designed to protect and empower people who may lack the mental capacity to make their own decisions about their care and treatment it applies to people aged 16 and over this guide provides a step by step process of how to complete capacity assessments using the mental capacity act 2005 and its code of practice it can be used by health and social care workers it is informative and easy to use and provides a clear description of the requirements when using the 2 stage test to ensure that assessments are legal strengths based and person centred this guide describes how to assess capacity and what a good assessment of capacity should look like it also provides sample questions to ask based on the specific decision to be made this book will be a vital resource for any health and social care professional working with individuals who may lack capacity to make specific decisions

this book draws on clinical experience case law and the developing research literature accrued during the six years that the mental capacity act mca and the deprivation of liberty safeguards dols have been in effect it focuses on the theory underpinning the principles of this legislation and the practical challenges of applying it in clinical settings it also compares and contrasts the remit of the mental capacity act with that of the mental health act the book is aimed at psychiatrists and other mental health professionals who treat individuals who lack capacity and also at those called upon to guide and advise colleagues in acute hospitals and residential care settings about the assessment of capacity dols and the appropriate use of best interests principles the contributors who include both clinicians and clinical academics have been chosen to ensure that both practical and research considerations pertaining to the statute are taken into account please note this book applies to the law in england and wales only
